

JVS-ND6604-FDM

Wi-Fi KIT With Monitor

Key Features

- Using Smart link technology, the wireless camera can be automatically paired with the NVR by pressing the key;
- Plug and play, the device will automatically connect after power on, and the NVR will output images;
- Special enhanced wireless module, wireless barrier-free transmission over 480 meters, stable and reliable;
- Support remote monitoring of Android and IOS smart phones;
- The maximum output resolution of the HD camera is 1920 * 1080;
- 2M pixel image sensor, clear at night and delicate picture during the day;
- Wireless high-definition camera, supports 4-channel motion detection alarm, which can effectively monitor personnel intrusion

Applicable scene

The wireless camera can be installed in any position, no extra video transmission cable is needed, and the installation is convenient, which solves the trouble of wiring and installation location of traditional monitoring solutions.

The easy-to-use features allow this product to be widely used in monitoring environments such as homes, villas, supermarkets, high-end offices and small factories.

Specifications

Model	JVS-ND6604-FDM
Camera Kits	
Video Stream	4 * 2MP @20fps
Image Compression	H.264 , H.265 , H.265+
Wireless transmission distance	Unobstructed transmission distance of 480 meters, the actual transmission distance depends on the environment
Audio Compression	G.711A
Size	340mm (L) * 175mm (W) * 260mm (H)
Operating temperature	-10℃ — +55℃
Working humidity	10%—90%
NVR	
Video Output	1280 * 1024 , 1440 * 900 , 1920 * 1080 , 3840 * 2160
Audio	1 AUX (3.5mm) audio output , HDMI audio output
Recording mode	Manual recording, motion detection recording, timing recording
Playback	4 channels 2M synchronous playback, playback speed adjustable 1/16, 1/8, 1/4, 1/2, 2X, 4X, 8X, 16X
Network protocol	DHCP , PPPOE , FTP , DNS , DDNS , NTP , UPNP , Email , etc.
APP	Support for iPhone, Android
Browser	Supports multiple web browsers
Network Interface	RJ45 10M/100Mbps
USB	1 * USB 2.0
HDD	1 SATA Port, up to 8TB
Power	1 * DC 12V /2A
Camera	
Day & Night	Auto / Colorful / Black and white
Audio	Support audio in and out
Video Stream	Dual stream : 1920 * 1080 , 640 * 480
Power	4 * DC 12V /1A
Monitor	
Size	10.1"
Resolution	1366*768
